Construction in Progress

Updated 10/20/2014 11:03 AM

State of Wisconsin Project –P1241H

Location	Type of Work	Summary of Work
I-94 & I-894 Various Locations	Bridge Reconstruction, Earth Work, Retaining Walls, Street Reconstruction, & Street Lighting	The work under this State of Wisconsin Contract consists of the replacement of the **I-94 and I-894 Interchange** and the repaving of short sections of local roadways plus miscellaneous concrete sidewalk, concrete driveway approaches, landscaping, storm sewer, storm sewer relay, utility adjustments and other incidental items. Because some roadway will be closed or impacted during the work, traffic issues are expected.

Comments

Many projects in and around I-894 and I-94. Near State Fair. All are run by the DOT.
W. Greenfield Ave. from 84th to 92nd has new afternoon parking restrictions and lane lines to allow additional traffic that will be generated by the new construction in the Zoo interchange.

The area around Mitchell School will remain impacted. Southbound traffic on S. 101st St. only.

Various traffic signals are being updated to account for more traffic. There are: 84th, 92nd & Greenfield; gate 4, Schlinger & 84th; 84th & National, and Beloit & Lincoln.

State of Wisconsin Project – P0940S

Location	Type of Work	Summary of Work
S. 76th St. North City Limits to W. Greenfield Ave.	Street Resurfacing, Storm Sewer, Traffic Signals & Street Lighting	The work under this State of Wisconsin Contract consists of the resurfacing of the roadway and the plus miscellaneous concrete sidewalk, concrete driveway approaches, landscaping, storm sewer, utility adjustments and other incidental items. Because the roadway will be closed or impacted during the work, traffic issues are expected.

Comments

Surface has been milled. Utility work continues with base patching operations have begun. Road work will be followed by sidewalk and then the street lighting work at Greenfield will be done whenever the equipment is available. The DOT is attempting to accelerate the schedule of this work.

2014 No. 2-C13409

Location	Type of Work	Summary of Work
S. 84th St. & W. National Ave.	Skate Board Park Construction	The work under this Contract consists of the construction of a new skate park and all incidental items necessary such as storm sewer and landscaping.
		Comments
		Rough grading for park complete, steel pieces have been delivered and the concrete work has started. Specialty concrete work will continue and connecting pieces will be poured as the special sections allow. Layout is on-going with detail changes being address as they arise. Lighting of the Park will be addressed in a separate construction project late in 2014 as the park work is finished up.

Location	Type of Work	Summary of Work
W. Oklahoma Ave. from S. Waukesha Rd. to S. 124th St. **Area Bounded** by W. National Ave., W. Cleveland Ave., and S. 99th St. **Area Bounded** by W. Becher St., W. Lincoln Ave., S. 76th St., and S. 84th St. **Area Bounded** by W. National Ave., W. Mitchell St., S. 57th St., and S. 60th St.	Installing underground conduit for the new street lighting cable and system	The work under this Contract consists of furnishing and directional bore installing conduit for street lighting cable, pavement restoration and landscape restoration plus all incidental items necessary to complete the work. **Comments** Work near Oklahoma is mostly complete. Work to start near Cleveland and 99th. Return to the area around Becher to work on side streets. Work will begin with the exposing of existing utilities, from there new conduit will be installed by the contractor. After the contractor is done, City forces will come in and install wiring and the new street lighting system. There may be periods of time when the street lights are not working. These times will be limited as much as possible.
